UserName ${PULSE_EMAIL} Password Pulse@123	
And User clicks on signin button	0.36s

Then I wait for 59 sec	59.00s
Given I create connection for api service	0.00s
And I set endpoint url for reading email as "https://mailsac.com/api/addresses/${PULSE_EMAIL}/messages/"	0.00s
And I send request to "get" the otp with "https://mailsac.com/api/raw/${PULSE_EMAIL}/" stored into variable "EMAIL_OTP"	1.32s
And I enter "${EMAIL_OTP}" OTP	1.72s
And I navigate to Babylon Symptoms Page	14.63s
Then I wait for 6 sec	6.00s
Then I enter "Anal Lump" symptoms on Babylon screen And select "Feeling a lump around the opening of the back passage"	96.52s
Then I click on Ok button after noting the caseid:	0.66s
text Thanks for taking part in user testing. Please record the following case id	
Then I handle questions and answer	401.01s

Other people with your symptoms sometimes experience pain around the buttocks or anus. Have you experienced this?	No
This is a bit personal, but have you noticed any of these problems around your anus?	Skin irritation##Submit
One symptom that can be concerning is bleeding from the anus. Have you experienced this?	Yes
Where have you seen the blood?	Mixed in with my stools
Have you noticed any of these issues when you pass stool?	I have to strain to pass a stool##Submit
Do any of these describe your poos (stools)?	None of the above##Submit
Have you gained or lost weight recently without trying to?	No
Have you ever had sex (vaginal or anal)?	Yes
Have you had sex (vaginal or anal) in the past 6 months?	No
Please select any of the following sexual activities that apply to you, I ask this question because some sexual activities can increase your risk of infection.	None of the above##Submit
How long have you had all of your symptoms for?	For months
Do you have any pain in your abdomen?	No
Do you have or have you recently had a fever?	No
Have you experienced any difficulty breathing?	None of the above##Submit
Is your heart beating faster than usual?	No
Have you felt dizzy or light-headed recently?	No
Has there been a significant change in your bowel habits, lasting for a few days or more?	Yes

Then I verify the closure summary and click on continue button	5.99s
text Great, we're all done. Please remember, this service is only for general information purposes and isn't a personal or medical diagnosis. If your symptoms persist, change or worsen, or you are concerned seek further advice.	

Then I click on view results to see the possible causes	9.51s
And Verify following possible causes are displayed	11.03s
Piles or haemorrhoids	
Something potentially serious	
When I select on "Piles or haemorrhoids" cause with offset 100 in report	0.78s
Then I verify following conditions are displayed	3.03s
Piles or haemorrhoids	
This can usually be treated by a pharmacist.	
Why this condition could be the potential cause?	
Some of your answers indicate that this condition could be the cause:	
Straining when passing stool	
Fresh blood in stool	
Lump around anus	
Anus irritation	
And I click on back button to move back to possible causes screen	0.43s
When I select on "Something potentially serious" cause with offset 500 in report	2.00s
Then I verify following conditions are displayed	3.40s
Something potentially serious	
This usually requires seeing a GP.	
Why this condition could be the potential cause?	
Change in bowel habit	
Straining when passing stool	
Fresh blood in stool	
Lump around anus	
Anus irritation	
And I click on back button to move back to home	40.74s
After	0.00s

And I send request to "get" the otp with "https://mailsac.com/api/raw/${PULSE_EMAIL}/" stored into variable "EMAIL_OTP"	1.67s
And I enter "${EMAIL_OTP}" OTP	1.36s
Then I wait for 6 sec	6.00s
And I navigate to Babylon Symptoms Page	8.59s
Then I wait for 6 sec	6.00s
Then I enter "Rash " symptoms on Babylon screen And select "Change in appearance of skin colour or texture"	94.88s
When I handle questions and answer	18.16s

Does your rash become lighter in colour when you press on it?	Yes

Then I click on Ok button after noting the caseid:	4.68s

text	Thanks for taking part in user testing. Please record the following case id

Then I handle questions and answer	545.34s

Have you experienced any difficulty breathing?	I don't know##Submit
Do you have any problems with your tongue?	None of the above##Submit
Does any part of your face look swollen?	I don't know
Do you have any of these problems with your eyelid (s)?	I don't know##Submit
Do you have or have you recently had a fever?	Yes
Do you have a cough?	Yes
Is it a dry cough or are you bringing something up?	Dry
Have you been coughing a lot more at night?	No
Do you have a sore throat or any of these problems?	Swollen tonsils##Submit
How long have you had all of your symptoms for?	For months
Have you gained or lost weight recently without trying to?	Lost weight unexpectedly
Does the slightest knock or bump cause you to bruise?	No
Do you have pain in your bones?	No
Do you have a significantly weakened immune system due to an existing condition or from taking medication?	No
Is there an unusual lump or swelling in the front middle part of your neck?	Yes
Have either of your parents or any siblings been diagnosed with an overactive thyroid?	Yes
Have either of your parents, or any siblings, ever been diagnosed with thyroid cancer?	Yes
Do you have any pain in your abdomen?	No

Do any of these describe your poos (stools)?	They are loose or watery (diarrhoea), and I'm going more often than usual##Submit
Have you had diarrhoea more than 6 times in one day?	Yes
Do you regularly have diarrhoea at night?	No
Have you noticed your skin or the whites of your eyes going yellow?	No

Then I verify the closure summary and click on continue button	7.20s

text	Great, we're all done. Please remember, this service is only for general information purposes and isn't a personal or medical diagnosis. If your symptoms persist, change or worsen, or you are concerned seek further advice.

Then I click on view results to see the possible causes	10.54s
And Verify following possible causes are displayed	10.18s

Overactive thyroid
Thyrotoxic crisis

When I select on "Overactive thyroid" cause with offset 100 in report	0.78s
Then I verify following conditions are displayed	4.14s

Overactive thyroid
This usually requires seeing a GP.
Why this condition could be the potential cause?
Some of your answers indicate that this condition could be the cause:
Family history of hyperthyroidism
Unintentional weight loss
Diarrhoea
Severe diarrhoea
Rash that becomes lighter when pressed
Swelling in neck

And I click on back button to move back to possible causes screen	0.39s
When I select on "Thyrotoxic crisis" cause with offset 500 in report	1.95s
Then I verify following conditions are displayed	3.87s

Thyrotoxic crisis
This is usually treated at the emergency department.
Why this condition could be the potential cause?
Family history of hyperthyroidism
Unintentional weight loss
Diarrhoea
Severe diarrhoea
Rash that becomes lighter when pressed
Fever
Swelling in neck

And I click on back button to move back to home	40.16s

Make sure you are in an area where your device has good internet connectivity.			
Once the request for consultation is sent, it cannot be recalled or cancelled.			
The Average wait time for a consultation to start is 10-20 minutes.			
Please ensure that the notification function is switched on to ensure you get appointment confirmation, reminder and alerts from the doctor and medical concierge.			
Then I wait for 5 sec			5.00s
Then I click on submit button			0.45s
And I verify following texts are displayed			2.61s
Request sent! We will notify you when your doctor confirms the request.			
After			0.00s

Back to Table of Contents

Scenario: Verify User should be able see the allocated doctor details			
Passed: 4	Failed: 0	Undefined: 0	Duration: 53.2s
Before			0.00s
Then I wait for 5 sec			5.01s
And I click on MyDoc Back button			41.78s
When I access health Consultation Summary			1.63s
And I click on Consultation History and get assigned doctor name into variable "DOCTOR_NAME"			4.79s

After		0.00s
Back to Table of Contents		

Feature: Verify MyDoc functionality on Pulse Health

Passed: 0	Failed: 14	Undefined: 0	Duration: 1647.02s

Scenario: Verify User should be able to register on app using email account

Passed: 11	Failed: 1	Undefined: 3	Duration: 206.33 s
Before			0.00s

Given I generate random number and assign to variable "RANDOM_NUMBER"	0.00s
And I assign "pulse${RANDOM_NUMBER}@mailsac.com" to variable "PULSE_EMAIL"	0.00s
Given User has pulse app	9.80s
And user click on "CONTINUE WITH EMAIL" with Email button	12.47s
When user enters registration details	8.69s

FirstName	MyDoc Accept workflow
LastName	Automation
Email	${PULSE_EMAIL}
Password	Pas$1234

And taps on continue "Sign_Up" button	5.60s
Then I wait for 59 sec	59.00s
Given I create connection for api service	0.00s
And I set endpoint url for reading email as "https://mailsac.com/api/addresses/${PULSE_EMAIL}/messages/"	0.00s
And I send request to "get" the otp with "https://mailsac.com/api/raw/${PULSE_EMAIL}/" stored into variable "EMAIL_OTP"	0.98s
And I enter "${EMAIL_OTP}" OTP	1.03s
Then I click skip button	107.37s

And I verify following texts are displayed	0.00s
What concerns or questions do you have for the doctor?	
Feverish	
How long has this been a concern?	
Couple of days	
Any further details you would like to add?	
Then verify user should be prompted to select No or Yes options to type further details	0.00s
Then I click on No button	0.00s
Then I wait for 5 sec	0.00s
And I verify following texts are displayed	0.00s
Please Note	
Make sure you are in an area where your device has good internet connectivity.	
Once the request for consultation is sent, it cannot be recalled or cancelled.	
The Average wait time for a consultation to start is 10-20 minutes.	
Please ensure that the notification function is switched on to ensure you get appointment confirmation, reminder and alerts from the doctor and medical concierge.	
Then I wait for 5 sec	0.00s
Then I click on submit button	0.00s
And I verify following texts are displayed	0.00s
Request sent! We will notify you when your doctor confirms the request.	

After		**5.45s**

Before			0.00s
Then I wait for 10 sec			10.00s
And I verify following Ruby ChatBot texts are displayed			5.00s
Did you know that people that are setting up a goal are more likely to achieve it?			
I can help you define a saving plan to achieve your goals			
Then I verify following buttons are displayed			3.41s
Yes, please!			
Maybe later			
Could you tell me more about how it works?			
And I click "${ruby.chat.bot.yes}" button on the app			2.70s
And I verify following Ruby ChatBot texts are displayed			9.77s
What are you saving for?			
I can help you define a saving plan to achieve your goals			
And I click "${ruby.chat.bot.select}" button on the app			2.52s
Then I wait for 10 sec			10.00s

After			0.00s
Back to Table of Contents			
Scenario: Verify User can abe to enter goal amount in chat bot screen			
Passed: 3	Failed: 0	Undefined: 0	Duration: 20.39s
Before			0.00s
And I verify following Ruby ChatBot texts are displayed			2.28s
How much would you like to save for this goal?			
Then I wait for 10 sec			10.00s
And I enter the "${ruby.chat.goal.amount}"			8.10s
After			0.00s
Back to Table of Contents			
Scenario: Verify User can abe to see the Easy, Achievable, Challenging messages in chat bot screen			
Passed: 4	Failed: 0	Undefined: 0	Duration: 35.95s
Before			0.00s
Then I wait for 20 sec			20.00s
And I verify following Ruby ChatBot texts are displayed			10.25s
Great!			
Based on your income, I can suggest a few plans to achieve that goal:			
Easy: save $2/month for 569 months			
Achievable: save $4/month for 412 months			
Challenging: save $6/month for 330 months			
And I click on EASY payment type plan			2.59s
And I click "${ruby.chat.bot.select}" button on the app			3.11s
After			0.00s
Back to Table of Contents			
Scenario: Verify User can abe to create the my goal using chat bot screen successfully			
Passed: 2	Failed: 0	Undefined: 0	Duration: 33.09s
Before			0.00s
Then I wait for 20 sec			20.00s
And I verify following Ruby ChatBot texts are displayed			13.09s
Well done!			
Your goal is created and you have achieved your first step			
Let’s see how we can achieve this goal!			
Do you already have any savings to allocate to this goal?			
Challenging: save $6/month for 330 months			
After			0.00s
Back to Table of Contents			
Scenario: Verify User can abe to see default option for savings to allocate to this goal			
Passed: 2	Failed: 0	Undefined: 0	Duration: 8.87s
Before			0.00s
Then I verify following buttons are displayed			5.91s
Yes			

No			
And I click "${ruby.chat.allocate.yes}" button on the app			2.96s
After			0.00s

Back to Table of Contents

Scenario: Verify User can abe to allocate the savings to the goal using chat bot

Passed: 3	Failed: 0	Undefined: 0	Duration: 23.87s
Before			0.00s
Then I wait for 10 sec			10.00s
And I verify following Ruby ChatBot texts are displayed			2.50s
How much have you managed to save for this goal?			
And I enter the "${ruby.chat.allocated.amount}"			11.37s
After			0.00s

Back to Table of Contents

Scenario: Verify User can allocate the savings to the goal for Banking

Passed: 10	Failed: 0	Undefined: 0	Duration: 55.58s
Before			0.00s
And I verify following Ruby ChatBot texts are displayed			6.32s
Where is this money saved?			
And I click "${ruby.chat.cash.savings}" button on the app			3.08s
Then I wait for 10 sec			10.00s
And I verify following Ruby ChatBot texts are displayed			17.04s
Great! You're moving at pace with your initial target!			
I can see that you have 1 saving goals.			
You are doing great!			
All your goals are on track.			
What do you want to do next?			
And user click on "< Wealth" button			3.15s
Then I wait for 8 sec			8.00s
And user click on "< Wealth" button			0.58s
Then I navigate to wealth screen			1.41s
Then I navigate to finances wealth screen			0.99s
Then I wait for 5 sec			5.00s
After			0.00s

Back to Table of Contents

Scenario: Verify User should be able to see created goal details in my goal homepage

Passed: 3	Failed: 0	Undefined: 0	Duration: 15.56s
Before			0.00s
And I scroll down			3.65s
And I verify following texts are displayed			3.98s
Save for children education			
Achieved			
Target			
Months to go			

Moving at pace	
$1,500	
$4,000	
And I click grow my wealth tab	7.94s
After	0.00s

Back to Table of Contents

Scenario: Verify User should be able to see created goal details in savings goal screen

Passed: 1	Failed: 0	Undefined: 0	Duration: 4.64s
Before			0.00s

And I verify following texts are displayed	4.64s
Save for children education	
Achieved	
Target	
Months to go	
Moving at pace	
$1,500	
$4,000	
After	0.00s

Back to Table of Contents

Feature: Verify User should be able to using the RUBY CHAT BOT for Prepare For Retirement functionality

Passed: 2	Failed: 11	Undefined: 0	Duration: 1218.45s

Scenario: Verify User should be able to register on app using email account

Passed: 10	Failed: 1	Undefined: 29	Duration: 133.02 s
Before			0.00s

Given I generate random number and assign to variable "RANDOM_NUMBER"	0.00s
And I assign "pulse${RANDOM_NUMBER}@mailsac.com" to variable "PULSE_EMAIL"	0.00s
Given User has pulse app	9.88s
And user click on "CONTINUE WITH EMAIL" with Email button	12.49s
When user enters registration details	7.65s

FirstName	Wealth
LastName	New Goal
Email	${PULSE_EMAIL}
Password	Pas$1234

And taps on continue "Sign_Up" button	5.51s
Then I wait for 59 sec	59.00s
Given I create connection for api service	0.00s
And I set endpoint url for reading email as "https://mailsac.com/api/addresses/${PULSE_EMAIL}/messages/"	0.00s
And I send request to "get" the otp with "https://mailsac.com/api/raw/${PULSE_EMAIL}/" stored into variable "EMAIL_OTP"	0.89s

And I enter "${EMAIL_OTP}" OTP	34.66s
