Features	2	12	0	0	14	14%
Scenarios	29	55	0	0	84	35%
Steps	281	55	0	160	496	57%

Overall Duration: 0h 44m 37s

Table of Contents

1. Verify login functionality on One pulse App
 1. Launch the app and select the country as per specified Ibu
 2. login to the app with correct credentials using "Continue with Email"
 3. Verify the Invalid Email id in login screen using "Continue with Email"
 4. Verify the User not registered email in login screen using "Continue with Email"
 5. User should be able to retrieve the reset password using forget password link
 6. Verify Account should be locked after entering more than 7 times incorrect passwords
 7. Verify the Login Functionality using "Continue with Facebook"
2. Verify share with friends functionality in OnePulse app
 1. Launch the app and select the country as per specified Ibu
 2. login to the app with correct credentials using "Continue with Email"
 3. Verify User should be able to share the link with Whatsapp
 4. Verify User should be able to share the link with Contacts app
 5. Verify User should be able to share the link with Messenger app
 6. Verify User should be able to share the link with Viber app
 7. Verify User should be able to share the link with Line app
3. Verify MySettings functionality in Account screen
 1. User should be able to login on app with correct credentials using "Continue with Gmail"
 2. Verify the My Feedback screen in Account tab
 3. Verify the submit functionality in My feedback screen
 4. Verify the Pulse Personalised tab
 5. Verify my setting screen in Account tab
4. Verify Exercise Buddy functionality via Fitness tab on Pulse Health & Wealth app
 1. Launch the app and select the country as per specified Ibu
 2. Verify the user can access Exercise Buddy via Fitness
 3. Verify the Take Challenge via Squats
 4. Verify the Start via Squats
 5. Verify the Preview via Squats
5. Verify My wearable functionality via fitness tab on Pulse Health & Wealth app
 1. Launch the app and select the country as per specified Ibu
 2. Verify the user can access My Wearables via Fitness
6. Verify Food Journal functionality on one pulse App
 1. Verify User should be able to login using email account
 2. Verify User should be able to navigate to Food page
 3. Verify User should be able to see the list of food schedule time
 4. Verify User should be able to time of the meal, add to cart and scan
 5. Verify User should be able to see the details after moving to "Breakfast"
 6. Verify User should be able to see the details after moving to "Lunch"

7. Verify User should be able to see the details after moving to "Dinner"
8. Verify User should be able to see log after add food is done
7. Verify that user can locate near by Hospitals,clinics using Location feature
 1. Launch the app and select the country as per specified Ibu
 2. User should be able to locate Hospitals using PruShoppe location
 3. User can see details of listed hospitals in detail
 4. User can see the details in speciality tab
 5. User can see the details in doctor's tab
 6. User can see the details in rooms tab
 7. User can navigate out of the hospital details screen
 8. User should be able to locate cli using PruShoppe location
 9. User can verify the clinic page
 10. User can view listed clinic details
 11. User can view listed clinic info
 12. User can view listed clinic info details
 13. User can navigate back to clinics screen
8. Verify MY Event channel functionality on one pulse App
 1. Launch the app and select the country as per specified Ibu
 2. Verify MyEvent Functionality in Home screen
 3. Verify Events Archive tab
 4. Verify Open Events tab
9. Verify My Health Content functionality on One Pulse App
 1. Launch the app and select the country as per specified Ibu
 2. Verify User should be able to navigate to Health page
 3. Verify User should be able to view the full page article post
 4. Verify User should be able to see the Like, Share, Comment options on full page article post
 5. Verify User should be able to Like the post in full article view screen
 6. Verify User should be able to Share the post in full article view screen
 7. Verify User can navigate to Health homepage
10. Verify My Challenges on One Pulse App
 1. Launch the app and select the country as per specified Ibu
 2. Verify My Challenges texts
 3. Verify the user can Connect Wearables via My Challenges
 4. Click on All challenges and and verify texts
11. Verify My Communities on One Pluse App
 1. Launch the app and select the country as per specified Ibu
 2. User should be able to login on app with correct credentials using "Continue with Email" and Verify the Mycommunities screen
 3. Leave the community if already joined
 4. Verify the All Communities Post screen
 5. Verify the Likes and comments counts in All communities tab
 6. Verify the Share with Friends Functionality in All communities tab
 7. Verify the Post Functionality in All communities
 8. Verify the Category list and search feature
 9. User navigates back to the community screen
 10. Leave the community if already joined
12. Verify Private My Communities on One Pulse App
 1. Launch the app and select the country as per specified Ibu
 2. Verify the My communities screen
 3. Verify the Private Communities in communities screen

13. **Verify legal and legacy on One Pluse App**
 1. **User should be able to login on app with correct credentials using "Continue with Gmail"**
 2. **Verify the Terms and condition should be displayed**
 3. **Verify the Privacy screen should be displayed**
 4. **Verify the Regulator screen should be displayed**
14. **Verify Edit Profile functionality on Pulse Health & Wealth app**
 1. **Verify User should be able to navigate to Edit profile screen and should be able to change the profile on app**
 2. **Verify user can able to change the details in edit profile screen**
 3. **Verify the email and COR fields are non-editable in edit profile screen**
 4. **Verify User should be able to see the registration required pop up if user not completed MyDoc Registration**
 5. **Verify User should not be able to edit Gender and DOB fields on myDoc registration page once the user submitted their gender and DOB in edit profile**

Detailed Results Report

Feature: Verify login functionality on One pulse App			
Passed: 3	Failed: 4	Undefined: 0	Duration: 493.9s
Scenario: Launch the app and select the country as per specified Ibu			
Passed: 8	Failed: 0	Undefined: 0	Duration: 68.63s
Before			0.39s
Given User has pulse app			10.79s
And I assign "\${login.email.id}" to variable "PULSE_EMAIL"			0.00s
And user click on "CONTINUE WITH EMAIL" with Email button			16.73s
Then I change the country as required on registration page			22.01s
Then I wait for 2 sec			2.01s
Then I change the language as required on registration page			10.33s
And I click the Sign in link			4.82s
Then I verify below language options on toggle bar as per specified Ibu on login page			1.55s
After			0.00s
Back to Table of Contents			
Scenario: login to the app with correct credentials using "Continue with Email"			
Passed: 6	Failed: 0	Undefined: 0	Duration: 43.34s
Before			0.00s
Given I select the language option on toggle bar as required on login page			2.27s
When user enters credentials			10.90s
UserName	\${PULSE_EMAIL}		
Password	\${login.password}		
And User clicks on signin button			0.24s
And I wait for 5 sec			5.00s
And I enter OTP in one pulse app for user email "\${PULSE_EMAIL}"			10.76s
Then user should be landed to "Home" screen			14.17s
After			0.00s

[Back to Table of Contents](#)
Scenario: Verify the Invalid Email id in login screen using "Continue with Email"

Passed: 5	Failed: 1	Undefined: 9	Duration: 65.35s
Before			0.00s

Given User has pulse app	10.95s
Then I wait for 2 sec	2.00s
And user click on "CONTINUE WITH EMAIL" with Email button	14.92s
Then I change the country as required on registration page	22.21s
Then I wait for 2 sec	2.00s
And I click the Sign in link	13.26s

org.openqa.selenium.NoSuchElementException: An element could not be located on the page using the given search parameters.
