Table of Contents

1. Verify Edit Profile functionality on Pulse Health & Wealth app
 1. Launch the app and select the country as per specified Ibu
 2. login to the app with correct credentials using "Continue with Email"
 3. Verify User should be able to navigate to Edit profile screen
 4. Verify User should be able to change the profile picture in edit profile screen
 5. Verify the email, country code and COR fields are non-editable in edit profile screen
 6. Verify user can able to change the details in edit profile screen
 7. Verify Details updated during pulse profile registration should be reflected in edit profile screen
 8. verify the user details should be correctly on babylon screen
 9. navigate back to health screen
2. Verify MY Event channel functionality on one pulse App
 1. Launch the app and select the country as per specified Ibu
 2. login to the app with correct credentials using "Continue with Email"
 3. Verify MyEvent Functionality in Home screen
 4. Verify Events Archive tab
 5. Verify Open Events tab
3. Verify My Health Content functionality on One Pulse App
 1. Launch the app and select the country as per specified Ibu
 2. User should be able to login on app with correct credentials using "Continue with Email"
 3. Verify User should be able to navigate to Health page
 4. Verify User should be able to view the full page article post
 5. Verify User should be able to see the Like, Share, Comment options on full page article post
 6. Verify User should be able to Like the post in full article view screen
 7. Verify User should be able to Share the post in full article view screen
 8. Verify User can navigate to Health homepage
4. Verify My Challenges on One Pulse App
 1. Launch the app and select the country as per specified Ibu
 2. User should be able to login on app with correct credentials using "Continue with Email"
 3. Verify My Challenges texts
 4. Click on All challenges and and verify texts
5. Verify Dietician Negative Flow functionality on one pulse App
 1. Verify the Home screen validation using "Continue with Email"
 2. Verify User should be able to navigate to Dietician page
 3. Verify User should be able to navigate to specialisation page
 4. Verify User should be able to navigate to Educational Details page
6. Verify Dietician Positive Flow functionality on one pulse App

1. Verify the Home screen validation using "Continue with Email"
2. Verify User should be able to navigate to Dietician page
3. Verify User should be able to navigate to specialisation page
4. Verify User should be able to navigate to Educational Details page
5. Verify User should be able to navigate to Services Offered page
6. Verify User should be able to navigate to Seminar(s) Attended page
7. Verify User should be able to navigate to Take a Picture page
8. Verify User should be able to navigate to schedule Calendar page
7. Verify Notification Center functionality on one pulse App
 1. Verify the Home screen validation using "Continue with Email"
 2. Navigate to notification screen via home screen
 3. Verify User should be able to see the Notification screen texts
 4. Then I navigate back to home screen from Notification Center
 5. Verify User should be able navigate to Notification Center via My account
 6. Verify User should be able to see the Notification screen texts
8. Verify MySettings functionality in Account screen
 1. User should be able to login on app with correct credentials using "Continue with Gmail"
 2. Verify the My Feedback screen in Account tab
 3. Verify the submit functionality in My feedback screen
 4. Verify the Pulse Personalised tab
 5. Verify the Marketing Consent in Account tab
9. Verify share with friends functionality in onepulse app
 1. Launch the app and select the country as per specified Ibu
 2. login to the app with correct credentials using "Continue with Email"
 3. Verify User should be able to share the link with Whatsapp
 4. Verify User should be able to share the link with Contacts app
 5. Verify User should be able to share the link with Messenger app
 6. Verify User should be able to share the link with Viber app
 7. Verify User should be able to share the link with Line app
10. Verify My wearable functionality via fitness tab on Pulse Health & Wealth app
 1. Launch the app and select the country as per specified Ibu
 2. login to the app with correct credentials using "Continue with Email"
 3. Verify the user can access My Wearables via Fitness
11. Verify Exercise Buddy functionality via Fitness tab on Pulse Health & Wealth app
 1. Launch the app and select the country as per specified Ibu
 2. login to the app with correct credentials using "Continue with Email"
 3. Verify the user can access Exercise Buddy via Fitness
 4. Verify the Take Challenge via Squats
 5. Verify the Start via Squats
 6. Verify the Preview via Squats
12. Verify My wearable functionality via fitness tab on Pulse Health & Wealth app
 1. Launch the app and select the country as per specified Ibu
 2. login to the app with correct credentials using "Continue with Email"
 3. Verify the user can access My Wearables via Fitness
13. Verify food journal channel functionality on one pulse App
 1. Verify User should be able to login using email account
 2. Verify User should be able to navigate to Food page
 3. Verify User should be able to see the list of food schedule time
 4. Verify User should be able to time of the meal, add to cart and scan
 5. Verify User should be able to see the details after moving to "Breakfast"
 6. Verify User should be able to see the details after moving to "Lunch"

7. Verify User should be able to see the details after moving to "Dinner"
8. Verify User should be able to see log after add food is done
14. Verify the Babylon Registration via HRA journey for PH LBU
 1. User should be able to Register for Babylon HRA
 2. Launch the app and select the country as per specified Ibu
 3. login to the app with correct credentials using "Continue with Email"
 4. User should be able to Register for Babylon HRA
15. Verify the BabyLon HRA Report - Nutrition, Body, Activity
 1. Launch the app and select the country as per specified Ibu
 2. login to the app with correct credentials using "Continue with Email"
 3. User should be able to access Babylon Health Risk Assessment Report
 4. Verify the HRA Activity Summary
 5. Verify the HRA Activity Summary
 6. Verify the HRA Activity summary
 7. Verify the HRA Nutrition Report
 8. Verify the HRA Report - Keep It Up sub-section
 9. Verify the HRA Report - Make a Change sub-section
 10. User should be able to access Babylon HRA - Healthcheck - Body
 11. navigate back to digital twin screen
 12. User should be able to access Babylon HRA - Healthcheck - Nutrition
 13. Navigate back to nutrition screen and validate the static text
 14. navigate back to digital twin screen
 15. User should be able to access Babylon HRA - Healthcheck - Activity
 16. Navigate back to Activity screen and validate the static text
 17. navigate back to digital twin screen
 18. User should be able to access Babylon HRA - Healthcheck - Mood
 19. navigate back to digital twin screen
16. Verify Consult doctor functionality on Pulse Health
 1. Verify the Home screen validation using "Continue with Email"
 2. Verify the online consultation screen user fields
 3. Verify the online consultation screen user fields after swipe down
 4. Verify User should be able to enter address and zipcode
 5. Verify User should be able to upload NRIC Image in Online Consultation screen
 6. Verify User should be presented with the symptoms checker questions log
 7. Verify User can able to chat with chatbot symptoms checker
 8. Verify User should be presented with the sample text on the Medical Profile screen as a first time user
 9. Verify User should be able to create the medical profile
 10. Verify User should be able to see the payment screen fields
 11. Verify User should be able enter the card details
 12. Verify User should be able see the added card successfully
 13. Verify User should be able to start online pre consultation
 14. Verify User should be able see the allocated doctor details
17. Verify User should be able to Download as PDF Files & Validate the details in downloaded Mydoc Documents.
 1. Verify User should be able to navigate to Consultation Summary and see all available Files
 2. Verify User should be able to see the Referral,Prescription and eMC Documents
 3. Verify User should be able to download eMC Document
 4. Verify User should be able to verify the eMC details in downloaded PDF file
 5. Verify User should be able to download Prescription Document
 6. Verify User should be able to verify the Prescription details in downloaded PDF file

7. Verify User should be able to download the Referral Document
8. Verify User should be able to verify the Referral details in downloaded PDF file
18. Verify My Heart clinic functionality in Account screen
 1. User should be able to login on app with correct credentials using "Continue with Gmail"
 2. Verify the popup for Health page is display properly
19. Verify MY Event channel functionality on one pulse App
 1. Launch the app and select the country as per specified Ibu
 2. login to the app with correct credentials using "Continue with Email"
 3. Verify MyEvent Functionality in Home screen
 4. Verify Events Archive tab
 5. Verify Open Events tab
20. Verify login functionality on One pulse App
 1. Launch the app and select the country as per specified Ibu
 2. login to the app with correct credentials using "Continue with Email"
 3. Verify the Invalid Email id in login screen using "Continue with Email"
 4. Verify the User not registered email in login screen using "Continue with Email"
 5. User should be able to retrieve the reset password using forget password link
 6. Verify Account should be locked after entering more than 7 times incorrect passwords
 7. Verify the Login Functionality using "Continue with Facebook"
21. Verify registration functionality on one pulse App for PH LBU
 1. User should be able to register on app with correct credentials using "Continue with Email"
 2. verify the field label on registration screen
 3. verify the validation message for mandatory fields
 4. verify validation message when user enters Invalid password: Pulse@1 on registration page
 5. verify validation message when user enters Invalid password: Pulse123 on registration page
 6. Verify the validation message when user enter already registered email id on registration page
 7. Verify the mobile number screen validation using "Continue with Email"
 8. Verify the Registration screen validation using "Continue with Email"
 9. Verify the resend OTP functionality on Enter OTP Screen using "Continue with Email"
22. Verify My Communities on One Pluse App
 1. Launch the app and select the country as per specified Ibu
 2. User should be able to login on app with correct credentials using "Continue with Gmail"
 3. User should be able to login on app with correct credentials using "Continue with Email" and Verify the Mycommunities screen
 4. Leave the community if already joined
 5. Verify the All Communities Post screen
 6. Verify the Likes and comments counts in All communities tab
 7. Verify the Share with Friends Functionality in All communities tab
 8. Verify the Post Functionality in All communities
 9. Verify the Category list and search feature
 10. User navigates back to the community screen
 11. Leave the community if already joined
23. Verify Private My Communities on One Pulse App
 1. Launch the app and select the country as per specified Ibu
 2. User should be able to login on app with correct credentials using "Continue with Gmail"
 3. User should be able to login on app with correct credentials using "Continue with Gmail" and Verify the Mycommunities screen
 4. Verify the Private Communities in communities screen

24. Verify Free PA with COVID+ Vaccine Protection functionality on one pulse App
 1. User should be able to register on app with correct credentials using "Continue with Email"
 2. Launch the app and select the country as per specified Ibu
 3. login to the app with correct credentials using "Continue with Email"
 4. Navigates to PRU Shoppe screen
 5. Verify first time User are presented with T&C to proceed to the Pru Shoppe
 6. Verify User should be able to navigate to Free PA with COVID+Vaccine Protection tile
 7. Verify Free PA with COVID+Vaccine Protection coverage details and conditions are listed above Show More link
 8. Verify the Show More link is clickable in Free PA with COVID+Vaccine Protection screen
 9. Verify the Free PA with COVID+Vaccine Protection coverage details and conditions are listed on click Show More link
 10. Verify the Show Less link is clickable in Free PA with COVID+Vaccine Protection screen
 11. Verify the Your Details section in Free PA with COVID+Vaccine Protection screen
 12. Verify all the field headers in Free PA with COVID+Vaccine Protection screen
 13. Scroll down for further validation
 14. Verify User should be able to see the fields in Your Details section
 15. Scroll down for further validation
 16. Verify the Terms and Conditions text in Free PA with COVID+Vaccine Protection screen
 17. Verify the Terms and Conditions can be accepted in Free PA with COVID+Vaccine Protection screen
 18. Scroll down for further validation
 19. Verify the presence of PROCEED button
 20. Verify the validation error messages on click of PROCEED button
 21. Verify image of unauthorised ID not accepted
 22. Verify user can enter other mandatory fields
25. Verify Group Yearly Renewable Term Insurance(GYRT) functionality on one pulse App
 1. User should be able to register on app with correct credentials using "Continue with Email"
 2. Launch the app and select the country as per specified Ibu
 3. login to the app with correct credentials using "Continue with Email"
 4. Navigate to PRU Shoppe screen
 5. Verify first time User are presented with T&C to proceed to the Pru Shoppe
 6. Verify User should be able to navigate to GYRT tile
 7. Verify the GYRT coverage details and conditions are listed above Show More link
 8. Verify the Show More link is clickable in GYRT screen
 9. Verify the GYRT coverage details and conditions are listed on click Show More link
 10. Verify the Show Less link is clickable in GYRT screen
 11. Verify the Your Details section in GYRT screen
 12. Verify all the field headers in GYRT screen
 13. Scroll down for further validation
 14. Verify User should be able to see the fields in Your Details section
 15. Scroll down for further validation
 16. Verify the Terms and Conditions text in GYRT screen
 17. Verify the Terms and Conditions can be accepted in GYRT screen
 18. Scroll down for further validation
 19. Verify the presence of PROCEED button
 20. Verify the validation error messages on click of PROCEED button
 21. Verify image of unauthorised ID not accepted
 22. Verify user can enter other mandatory fields

26. Verify that user can view his registered policies under My Policies
 1. Verify that No linked policies information message is displayed
 2. Verify that user can access his policies from Home screen
27. Verify wealth channel functionality on one pulse App
 1. Verify User should be able to login using email account
 2. Verify User should be able to navigate to wealth page
 3. Verify User should be able to view the story post
 4. Verify User should be able to see the story post Like, Share, Comment options
 5. Verify User should be able to Like the post
 6. Verify User should be able to Share the post
 7. Verify User should be able to Comment the post
 8. Verify User should be able to view the full page article post
 9. Verify User should be able to see the Like, Share, Comment options on full page article post
 10. Verify User should be able to Like the post in full article view screen
 11. Verify User should be able to Share the post in full article view screen
 12. Verify User should be able to Comment the post in full article view screen
 13. Verify User can navigate to wealth homepage
28. Verify legal and legacy on One Pluse App
 1. User should be able to login on app with correct credentials using "Continue with Gmail"
 2. Verify the Terms and condition should be displayed
 3. Verify the Privacy screen should be displayed
 4. Verify the Regulator screen should be displayed

Detailed Results Report

Feature: Verify Edit Profile functionality on Pulse Health & Wealth app				
Passed: 7		Failed: 2	Undefined: 0	Duration: 235.3s
Scenario: Launch the app and select the country as per specified Ibu				
Passed: 6		Failed: 0	Undefined: 0	Duration: 62.53s
Before				0.42s
Given User has pulse app				11.63s
And I assign "\${onepulse.login.edit.profile}" to variable "PULSE_EMAIL"				0.01s
And user click on "CONTINUE WITH EMAIL" with Email button				17.37s
Then I change the country as required on registration page				23.21s
Then I wait for 5 sec				5.01s
And I click the Sign in link				4.89s
After				0.00s
Back to Table of Contents				
Scenario: login to the app with correct credentials using "Continue with Email"				
Passed: 7		Failed: 0	Undefined: 0	Duration: 50.7s
Before				0.00s
Given I select the language option on toggle bar as required on login page				3.58s
When user enters credentials				10.58s
	UserName	\${PULSE_EMAIL}		
	Password	\${pulse.edit}		

And User clicks on signin button	0.27s
And I wait for 5 sec	5.01s
And I enter OTP in one pulse app for user email "\${PULSE_EMAIL}"	12.09s
Then user should be landed to "Home" screen	14.18s
And I wait for 5 sec	5.01s
After	0.00s
Back to Table of Contents	
Scenario: Verify User should be able to navigate to Edit profile screen	
Passed: 3	Failed: 0
Undefined: 0	Duration: 23.06s
Before	0.00s
Given user navigate to account page	13.24s
And user click on Edit profile link	4.82s
Then I wait for 5 sec	5.00s
After	0.00s
Back to Table of Contents	
Scenario: Verify User should be able to change the profile picture in edit profile screen	
Passed: 2	Failed: 0
Undefined: 0	Duration: 32.25s
Before	0.00s
Then I give manage profile camera permission	22.22s
Then I take picture from Camera	10.04s
After	0.00s
Back to Table of Contents	
Scenario: Verify the email,country code and COR fields are non-editable in edit profile screen	
Passed: 3	Failed: 0
Undefined: 0	Duration: 3.65s
Before	0.00s
And verify email field is non-editable	1.74s
And verify country code field is non-editable and country code is "\${country.code}"	0.72s
And verify country of Residence is "\${country.name}" and non-editable	1.19s
After	0.00s
Back to Table of Contents	
Scenario: Verify user can able to change the details in edit profile screen	
Passed: 4	Failed: 0
Undefined: 0	Duration: 17.68s
Before	0.00s
Given I generate random number and assign to variable "RANDOM_NUMBER"	0.01s
And I assign value to following variables	0.00s
First Name Automation-\${RANDOM_NUMBER}	
Last Name Testing-\${RANDOM_NUMBER}	
Then I update following profile details in edit profile screen	3.94s
FirstName \${First Name}	
LastName \${Last Name}	
And I click on update button in edit profile screen	13.73s

After		0.00s
Back to Table of Contents		
Scenario: Verify Details updated during pulse profile registration should be reflected in edit profile screen		
Passed: 0	Failed: 1	Undefined: 1
Duration: 7.62s		
Before		0.00s
Given user click on Edit profile link		7.62s

Given I generate random number and assign to variable		

"RANDOM_NUMBER"	0.00s								
And I assign "pulse\${RANDOM_NUMBER}@mailsac.com" to variable "PULSE_EMAIL"	0.00s								
And User has pulse app	10.52s								
And user click on "CONTINUE WITH EMAIL" with Email button	16.24s								
Then I wait for 2 sec	2.01s								
Then I change the country as required on registration page	23.76s								
Then I wait for 5 sec	5.01s								
When user enters registration details	7.98s								
<table border="1"> <tr> <td>FirstName</td><td>Diet</td></tr> <tr> <td>LastName</td><td>Test</td></tr> <tr> <td>Email</td><td>\${PULSE_EMAIL}</td></tr> <tr> <td>Password</td><td>Pas\$1234</td></tr> </table>	FirstName	Diet	LastName	Test	Email	\${PULSE_EMAIL}	Password	Pas\$1234	
FirstName	Diet								
LastName	Test								
Email	\${PULSE_EMAIL}								
Password	Pas\$1234								
And taps on continue "Sign_Up" button	0.33s								
Then I wait for 10 sec	10.01s								
And I enter OTP in one pulse app for user email "\${PULSE_EMAIL}"	31.88s								
Then I wait for 5 sec	5.00s								
And I enter the "mobile number" in welcome to pulse	10.69s								
<table border="1"> <tr> <td>mobileNumber</td><td>98678419</td></tr> </table>	mobileNumber	98678419							
mobileNumber	98678419								
And I click the continue button	2.01s								
And I choose my wellness goals under wellness plan screen	8.61s								
And I click the continue button	0.62s								
And I click the date in Date of Birth field	5.47s								
And I click the Done icon	0.36s								
And I click the continue button	1.48s								
And I select the Male icon	6.05s								
And I click the continue button	1.13s								
Then I wait for 5 sec	5.00s								
And I click the continue button	1.81s								
And I click on Calculate BMI button	1.32s								
And I click the continue button	0.88s								
And I select the "How active are you?" in doing exercise	0.99s								
And I click the continue button	1.42s								
Then I click skip buttons	4.05s								
And I click the continue button	2.39s								
And I see that fitness subscription exclusive offers screen is displayed	0.00s								
And I click on close icon	3.92s								
Then I wait for 3 sec	3.01s								
And I verify that "Tracking your activity is trending" is displayed	0.48s								
And I click the continue button	0.89s								
Then I wait for 5 sec	5.00s								
And I click the Activate icon in registration screen	5.53s								
Then I click skip buttons	4.01s								
Then I wait for 4 sec	4.02s								

Then user should be landed to "Home" screen		14.06s
Then I wait for 4 sec		4.01s
After		0.00s
Back to Table of Contents		
Scenario: Verify User should be able to navigate to Dietician page		
Passed: 3	Failed: 1	Undefined: 7
Before		0.00s
Given I relaunch the app on registration failure		0.86s
Then I click the Health icon in Home screen		15.83s
Then I click the Dietician in Health Screen		18.46s
And I clicks on "Doctor" in app screen		8.20s
