Scenarios	21	76	0	0	97	22%
Steps	474	76	0	421	971	49%

Overall Duration: 1h 24m 31s

Table of Contents

1. Verify login functionality on One pulse App
 1. Launch the app and select the country as per specified Ibu
 2. login to the app with correct credentials using "Continue with Email"
 3. Verify the Invalid Email id in login screen using "Continue with Email"
 4. Verify the User not registered email in login screen using "Continue with Email"
 5. User should be able to retrieve the reset password using forget password link
 6. Verify Account should be locked after entering more than 5 times incorrect passwords
 7. Verify the Login Functionality using "Continue with Google"
2. Verify registration functionality on one pulse App
 1. User should be able to register on app with correct credentials using "Continue with Email"
 2. verify the field label on registration screen
 3. verify the validation message for mandatory fields
 4. verify validation message when user enters Invalid password: Pulse@1 on registration page
 5. verify validation message when user enters Invalid password: Pulse123 on registration page
 6. Verify the validation message when user enter already registered email id on registration page
 7. Verify the mobile number screen validation using "Continue with Email"
 8. Verify the Gender screen validation using "Continue with Email"
 9. Verify the resend OTP functionality on Enter OTP Screen using "Continue with Email"
3. Verify that user can view air quality details under My Environment screen
 1. Verify that user can view previous air quality details under My Environment Home page
 2. Verify that user can view Current air quality details under My Environment Home page
 3. Verify that user can view air quality details for next few days under My Environment Home page
 4. Verify that user can access and view Neighbourhood air quality details under My Environment Home page
 5. Verify that user can access and view Fires nearby under My Environment Home page
 6. Verify that user can view effects of the poor environment and upcoming activities under My Environment Home page
 7. Verify that User can view coming soon activities under My Environment Home
4. Verify the BabyLon call 995 flow on Pulse Health & Wealth app
 1. User should be able to login on app with correct credentials and the BabyLon call 995 flow must be verified
5. Verify the BabyLon Perianal lump workflow is working as expected
 1. User should be able to access Babylon from Pulse app and perform Perianal lump workflow

6. Verify the BabyLon Maligant Neoplasm Breast lump workflow is working as expected
 1. User should be able to access Babylon from Pulse app and perform Breast lump workflow
7. Verify the BabyLon Human Immune Virus workflow is working as expected
 1. User should be able to access Babylon from Pulse app and perform Human Immune Virus Rash workflow
8. Verify the BabyLon Groin Mass workflow is working as expected
 1. User should be able to access Babylon from Pulse app and perform Groin mass workflow
9. Verify the BabyLon Prostatic HyperPlasia workflow is working as expected
 1. User should be able to access Babylon from Pulse app and perform Prostatic Hyperplasia workflow
 2. User should be able to view the chat history in Babylon system checker screen after consultation
10. Verify the BabyLon Rib Fracture workflow is working as expected and user can the chat history after consultation
 1. User should be able to access Babylon from Pulse app and perform Rib Fracture workflow
11. Verify Dietician Negative Flow functionality on one pulse App
 1. Verify the Home screen validation using "Continue with Email"
 2. Verify User should be able to navigate to Dietician page
 3. Verify User should be able to navigate to specialisation page
 4. Verify User should be able to navigate to Educational Details page
12. Verify Dietician Positive Flow functionality on one pulse App
 1. Verify the Home screen validation using "Continue with Email"
 2. Verify User should be able to navigate to Dietician page
 3. Verify User should be able to navigate to specialisation page
 4. Verify User should be able to navigate to Educational Details page
 5. Verify User should be able to navigate to Services Offered page
 6. Verify User should be able to navigate to Seminar(s) Attended page
 7. Verify User should be able to navigate to Take a Picture page
 8. Verify User should be able to navigate to schedule Calendar page
13. Verify Medicine Remainder Positive Flow functionality on one pulse App
 1. Verify the Home screen validation using "Continue with Email"
 2. Verify User should be able to navigate to Dietician page
 3. Verify User should be able to navigate to Dietician page
 4. Verify User should be able to navigate to Dietician page
 5. Verify User should be able to navigate to Dietician page
14. Verify that user can locate near by Hospitals,clinics using PruShoppe Location feature
 1. User should be able to locate Hospitals using PruShoppe location
 2. User should be able to locate cli using PruShoppe location
15. Verify Notification Center functionality on one pulse App
 1. Verify User should be able to register on app using email account
 2. Verify User should be able navigate to Notification Center
 3. Verify User should be able to see the Notification screen texts
 4. Verify User should be able to login using already registered credentials
 5. Verify User should be able navigate to Notification Center
16. Verify My Communities on One Pluse App
 1. Launch the app and select the country as per specified Ibu
 2. User should be able to login on app with correct credentials using "Continue with Gmail"
 3. User should be able to login on app with correct credentials using "Continue with Gmail" and Verify the Mycommunities screen
 4. Leave the community if already joined
 5. Verify the All Communities Post screen

6. Verify the Likes and comments counts in All communities tab
7. Verify the Share with Friends Functionality in All communities tab
8. Verify the Post Functionality in All communities
9. Verify the Category list and search feature
10. Leave the community if already joined
17. Verify MyContent functionality on one pulse App
 1. Verify the Home screen validation using "Continue with Email"
 2. Verify User should be able to navigate to Health channel page
 3. Verify User should be able to Like the post
 4. Verify User should be able to Share the post
 5. Verify User should be able to Comment the post
 6. Verify User should be able to see the Like, Share, Comment options on full page article post
 7. Verify User should be able to Like the post- Full page article post
18. Verify that user can view his registered policies under My Policies
 1. Login to the one pulse app
 2. Verify that user can access his policies from Home screen
19. Verify legal and legacy on One Pluse App
 1. User should be able to login on app with correct credentials using "Continue with Gmail"
 2. Verify the Terms and condition should be displayed
 3. Verify the Privacy screen should be displayed
 4. Verify the Regulator screen should be displayed
20. Verify Edit Profile functionality on Pulse Health & Wealth app
 1. Verify User should be able to navigate to Edit profile screen and should be able to change the profile on app
 2. Verify User should be able to change the profile picture in edit profile screen
 3. Verify user can able to change the details in edit profile screen
 4. Verify the email and COR fields are non-editable in edit profile screen
 5. Verify User should be able to see the registration required pop up if user not completed MyDoc Registration
 6. Verify User should not be able to edit Gender and DOB fields on myDoc registration page once the user submitted their gender and DOB in edit profile
 7. Verify User should be able to update NRIC number & upload NRIC Image in Online Consultation screen
21. Verify MySettings functionality in Account screen
 1. User should be able to login on app with correct credentials using "Continue with Gmail"
 2. Verify the My Feedback screen in Account tab
 3. Verify the submit functionality in My feedback screen
 4. Verify the Pulse Personalised tab
 5. Verify the Marketing Consent in Account tab
22. Verify share with friends functionality in onepulse app
 1. Launch the app and select the country as per specified Ibu
 2. login to the app with correct credentials using "Continue with Email"
 3. Verify User should be able to share the link with Whatsapp
 4. Verify User should be able to share the link with Contacts app
 5. Verify User should be able to share the link with Messenger app
 6. Verify User should be able to share the link with Viber app
 7. Verify User should be able to share the link with Line app

Feature: Verify login functionality on One pulse App

Passed: 4	Failed: 3	Undefined: 0	Duration: 452.55s
-----------	-----------	--------------	-------------------

Scenario: Launch the app and select the country as per specified Ibu

Passed: 8	Failed: 0	Undefined: 0	Duration: 36.89s
-----------	-----------	--------------	------------------

Before	0.13s
--------	-------

Given User has pulse app	10.65s
And I assign "\${login.email.id}" to variable "PULSE_EMAIL"	0.01s
And user click on "CONTINUE WITH EMAIL" with Email button	12.63s
Then I change the country as required on registration page	1.57s
Then I wait for 5 sec	5.00s
Then I change the language as required on registration page	0.31s
And I click the Sign in link	4.96s
Then I verify below language options on toggle bar as per specified Ibu on login page	1.63s

After	0.00s
-------	-------

[Back to Table of Contents](#)
Scenario: login to the app with correct credentials using "Continue with Email"

Passed: 5	Failed: 1	Undefined: 0	Duration: 56.95s
-----------	-----------	--------------	------------------

Before	0.00s
--------	-------

Given I select the language option on toggle bar as required on login page	0.28s				
When user enters credentials	17.72s				
<table border="1"> <tr> <td>UserName</td> <td>\${PULSE_EMAIL}</td> </tr> <tr> <td>Password</td> <td>\${login.password}</td> </tr> </table>	UserName	\${PULSE_EMAIL}	Password	\${login.password}	
UserName	\${PULSE_EMAIL}				
Password	\${login.password}				
And User clicks on signin button	0.35s				
And I wait for 5 sec	5.00s				
And I enter OTP in one pulse app for user email "\${PULSE_EMAIL}"	28.50s				
Then user should be landed to "Home" screen	5.09s				

```
java.lang.AssertionError: expected [true] but found [false]

at org.testng.Assert.assertTrue(Assert.java:52)
at com.onepulse.app.stepdefinitions.mobilesteps.LoginSteps.landingPageValidation(LoginSteps.java:92)
at .Then user should be landed to "Home" screen(features/PulseLoginTest.feature:23)
```

After	0.00s
-------	-------

[Back to Table of Contents](#)
Scenario: Verify the Invalid Email id in login screen using "Continue with Email"

Passed: 16	Failed: 0	Undefined: 0	Duration: 64.87s
------------	-----------	--------------	------------------

Before	0.00s
--------	-------

Given User has pulse app	7.73s
Then I wait for 2 sec	2.00s
And user click on "CONTINUE WITH EMAIL" with Email button	12.55s

Then I change the country as required on registration page	1.53s				
Then I wait for 5 sec	5.01s				
Then I change the language as required on registration page	0.32s				
And I click the Sign in link	4.91s				
And I select the language option on toggle bar as required on login page	1.58s				
When user enters credentials	18.26s				
<table> <tr> <td>UserName</td><td>t@gmai</td></tr> <tr> <td>Password</td><td>Pas\$1234</td></tr> </table>	UserName	t@gmai	Password	Pas\$1234	
UserName	t@gmai				
Password	Pas\$1234				
And I scroll down	4.55s				
And User clicks on signin button	0.29s				
Then verify invalid email message "Email is required"	0.72s				
Then User clicks on Forgot Password button	0.23s				
Then enter the email to request the new password	3.55s				
<table> <tr> <td>Email</td><td>t@gmai</td></tr> </table>	Email	t@gmai			
Email	t@gmai				
Then User clicks on Send button	0.79s				
Then verify invalid email message "\${email.invalid.text}"	0.85s				
After	0.00s				
Back to Table of Contents					
Scenario: Verify the User not registered email in login screen using "Continue with Email"					
Passed: 17	Failed: 0				
Undefined: 0	Duration: 64.52s				
Before	0.00s				
Given I generate random number and assign to variable "RANDOM_NUMBER"	0.01s				
And I assign value to following variables	0.00s				
<table> <tr> <td>USER_NAME</td><td>taf-\${RANDOM_NUMBER}@mailinator.com</td></tr> <tr> <td>USER_PASSWORD</td><td>Pas\$1234</td></tr> </table>	USER_NAME	taf-\${RANDOM_NUMBER}@mailinator.com	USER_PASSWORD	Pas\$1234	
USER_NAME	taf-\${RANDOM_NUMBER}@mailinator.com				
USER_PASSWORD	Pas\$1234				
Given User has pulse app	8.42s				
And user click on "CONTINUE WITH EMAIL" with Email button	12.81s				
Then I change the country as required on registration page	1.52s				
Then I wait for 5 sec	5.00s				
Then I change the language as required on registration page	0.34s				
And I click the Sign in link	4.93s				
And I select the language option on toggle bar as required on login page	1.68s				
When user enters credentials	18.23s				
<table> <tr> <td>UserName</td><td>\${USER_NAME}</td></tr> <tr> <td>Password</td><td>\${USER_PASSWORD}</td></tr> </table>	UserName	\${USER_NAME}	Password	\${USER_PASSWORD}	
UserName	\${USER_NAME}				
Password	\${USER_PASSWORD}				
And I scroll down	4.54s				
And User clicks on signin button	0.29s				
Then verify invalid email message "\${invalid.credential.message}"	1.07s				
Then User clicks on Forgot Password button	0.21s				
Then enter the email to request the new password	3.56s				
<table> <tr> <td>Email</td><td>\${USER_NAME}</td></tr> </table>	Email	\${USER_NAME}			
Email	\${USER_NAME}				
Then User clicks on Send button	0.76s				

Then verify invalid email message "\${invalid.credential.message}"		1.16s
After		0.00s
Back to Table of Contents		
Scenario: User should be able to retrieve the reset password using forget password link		
Passed: 6	Failed: 1	Undefined: 0
Duration: 40.68s		
Before		0.00s
And I assign "\${forgot.password.email.id}" to variable "PULSE_EMAIL"		0.00s
Then enter the email to request the new password		3.64s
Email \${PULSE_EMAIL}		
Then User clicks on Send button		0.76s
And I read the otp for emailid "\${PULSE_EMAIL}" using mailsac api and store into a variable "EMAIL_OTP"		26.56s
Then I enter "\${EMAIL_OTP}" reset code		0.27s
Then I wait for 7 sec		7.00s
Then Verify message: "\${password.reset.success.text}" for Reset Password		2.45s

text	Great, we're all done. Please remember, this service is only for general information purposes and isn't a personal or medical diagnosis. If your symptoms persist, change or worsen, or you are concerned seek further advice.
------	--

Then I click on view results to see the possible causes

0.00s

And Verify following possible causes are displayed

0.00s

Piles or haemorrhoids
Something potentially serious

When I select on "Piles or haemorrhoids" cause with offset 100 in report

0.00s

Then I verify following conditions are displayed

0.00s

Piles or haemorrhoids
This can usually be treated by a pharmacist.
Why this condition could be the potential cause?
Some of your answers indicate that this condition could be the cause:
Straining when passing stool
Fresh blood in stool
Lump around anus
Anus irritation

And I click on back button to move back to possible causes screen

0.00s

When I select on "Something potentially serious" cause with offset 500 in report

0.00s

Then I verify following conditions are displayed

0.00s

Something potentially serious
This usually requires seeing a GP.
Why this condition could be the potential cause?
Change in bowel habit
Straining when passing stool
Fresh blood in stool
Lump around anus
Anus irritation

text Thanks for taking part in user testing. Please record the following case id	
Then I handle questions and answer	0.00s
Does your rash become lighter in colour when you press on it?	Yes
Have you experienced any difficulty breathing?	I don't know##Submit
Do you have any problems with your tongue?	None of the above##Submit
Does any part of your face look swollen?	I don't know
Do you have any of these problems with your eyelid (s)?	I don't know##Submit
Do you have or have you recently had a fever?	Yes
Do you have a cough?	Yes
Is it a dry cough or are you bringing something up?	Dry
Have you been coughing a lot more at night?	No
Do you have a sore throat or any of these problems?	Swollen tonsils##Submit
How long have you had all of your symptoms for?	For months
Have you gained or lost weight recently without trying to?	Lost weight unexpectedly
Does the slightest knock or bump cause you to bruise?	No
Do you have pain in your bones?	No
Do you have a significantly weakened immune system due to an existing condition or from taking medication?	No
Is there an unusual lump or swelling in the front middle part of your neck?	Yes
Have either of your parents or any siblings been diagnosed with an overactive thyroid?	Yes
Have either of your parents, or any siblings, ever	

	been diagnosed with thyroid cancer?		Yes
	Do you have any pain in your abdomen?		No
	Do any of these describe your poos (stools)?		They are loose or watery (diarrhoea), and I'm going more often than usual##Submit
	Have you had diarrhoea more than 6 times in one day?		Yes
	Do you regularly have diarrhoea at night?		No
	Have you noticed your skin or the whites of your eyes going yellow?		No
	Then I verify the closure summary and click on continue button		0.00s
	Great, we're all done. Please remember, this service is only for general information text purposes and isn't a personal or medical diagnosis. If your symptoms persist, change or worsen, or you are concerned seek further advice.		
	Then I click on view results to see the possible causes		0.00s
	And Verify following possible causes are displayed		0.00s
	Overactive thyroid		
	Thyrotoxic crisis		
	When I select on "Overactive thyroid" cause with offset 100 in report		0.00s
	Then I verify following conditions are displayed		0.00s
	Overactive thyroid		
	This usually requires seeing a GP.		
	Why this condition could be the potential cause?		
	Some of your answers indicate that this condition could be the cause:		
	Family history of hyperthyroidism		
	Unintentional weight loss		
	Diarrhoea		
	Severe diarrhoea		
	Rash that becomes lighter when pressed		
	Swelling in neck		
	And I click on back button to move back to possible causes screen		0.00s
	When I select on "Thyrotoxic crisis" cause with offset 500 in report		0.00s
	Then I verify following conditions are displayed		0.00s
	Thyrotoxic crisis		
	This is usually treated at the emergency department		
	Why this condition could be the potential cause?		
	Family history of hyperthyroidism		
	Unintentional weight loss		
	Diarrhoea		
	Severe diarrhoea		
	Rash that becomes lighter when pressed		
	Fever		
	Swelling in neck		
	And I click on back button to move back to home		0.00s
	Then I sign out from pulse app		0.00s

Then I wait for 10 sec	0.00s
And I enter OTP in one pulse app for user email "\${PULSE_EMAIL}"	0.00s
And I navigate to Babylon Symptoms Page	0.00s
Then I enter "Chest Pain" symptoms on Babylon screen And select "Pain in the chest."	0.00s
Then I click on Ok button after noting the caseid:	0.00s
text Thanks for taking part in user testing. Please record the following case id	
Then verify user is landed to Rib Fracture consultation screen	0.00s
When I handle questions and answer	0.00s
Where in your chest is the pain?	Right##Submit
How would you describe your chest pain?	Dull or aching
Is your chest pain close to the worst pain you can imagine?	No
Did your chest pain start very suddenly or gradually?	Gradually
Does the pain in your chest go anywhere else?	No##Submit
Do any of these make your chest pain better or worse?	Moving around makes it worse##Submit
Then I handle questions and answer	0.00s
How long have you had all of your symptoms for?	For days
Have you been diagnosed with diabetes?	No
Are you diagnosed with high cholesterol?	No
Do you currently have a diagnosis of the following blood pressure problems?	No
Do you smoke cigarettes?	I've never smoked
Do you have a body mass index (BMI) over 30 or has a medical professional told you that you're obese?	No
Do any of the following apply to you?	None of the above##Submit
Have you experienced any difficulty breathing?	None of the above##Submit
Do you have a cough?	No
Is your ribcage or chest painful when you press or touch it?	Yes
Have you injured your chest recently?	Yes
Then I verify the closure summary and click on continue button	0.00s
text Great, we're all done. Please remember, this service is only for general information purposes and isn't a personal or medical diagnosis. If your symptoms persist, change or worsen, or you are concerned seek further advice.	

	Then I click on view results to see the possible causes		0.00s
	And Verify following 3 possible causes are displayed		0.00s
	When I click on "Chest strain" cause		0.00s
	Then I verify following conditions are displayed		0.00s
	Chest wall muscle strain		
	This can usually be treated at home.		
	Why this condition could be the potential cause?		
	Some of your answers indicate that this condition could be the cause:		
	Injury of chest wall		
	Pain in chest made worse with movement of ribs		
	Right sided chest pain		
	Dull chest pain		
	Painful to press on chest		
	And I click on back button to move back to possible causes screen		0.00s
	When I click on "Costochondritis" cause		0.00s
	Then I verify following conditions are displayed		0.00s
	Costochondritis		
	This can usually be treated at home.		
	Why this condition could be the potential cause?		
	Injury of chest wall		
	Pain in chest made worse with movement of ribs		
	Right sided chest pain		
	Dull chest pain		
Painful to press on chest			
And I click on back button to move back to home		0.00s	
Then I sign out from pulse app		0.00s	
After		0.00s

-----------	-----------	--------------	-------------------

Scenario Outline: Verify the Home screen validation using "Continue with Email"

Passed: 28	Failed: 1	Undefined: 6	Duration: 128.92s
------------	-----------	--------------	-------------------

Before	0.00s
--------	-------

Given I generate random number and assign to variable "RANDOM_NUMBER"	0.00s								
And I assign "pulse\${RANDOM_NUMBER}@mailsac.com" to variable "PULSE_EMAIL"	0.00s								
And User has pulse app	8.53s								
And user click on "CONTINUE WITH EMAIL" with Email button	12.64s								
When user enters registration details	9.35s								
<table border="1"> <tr> <td>FirstName</td><td>Diet</td></tr> <tr> <td>LastName</td><td>Test</td></tr> <tr> <td>Email</td><td>\${PULSE_EMAIL}</td></tr> <tr> <td>Password</td><td>Pas\$1234</td></tr> </table>	FirstName	Diet	LastName	Test	Email	\${PULSE_EMAIL}	Password	Pas\$1234	
FirstName	Diet								
LastName	Test								
Email	\${PULSE_EMAIL}								
Password	Pas\$1234								
And taps on continue "Sign_Up" button	0.46s								
Then I wait for 10 sec	10.00s								
And I enter OTP in one pulse app for user email "\${PULSE_EMAIL}"	27.74s								
Then I wait for 5 sec	5.01s								
And I enter the "mobile number" in welcome to pulse	10.48s								
<table border="1"> <tr> <td>mobileNumber</td><td>98678419</td></tr> </table>	mobileNumber	98678419							
mobileNumber	98678419								

And I click the continue button	0.19s
And I choose my wellness goals under wellness plan screen	1.72s
And I click the continue button	0.90s
And I click the date in Date of Birth field	6.59s
And I click the Done icon	3.20s
And I click the continue button	1.15s
And I select the Male icon	5.89s
And I click the continue button	0.83s
And I enter my height and weight details	2.07s
And I click on Calculate BMI button	1.38s
And I click the continue button	0.88s
And I select the "How active are you?" in doing exercise	1.88s
And I click the continue button	0.99s
And I select my favorite food dietary	1.88s
And I click the continue button	1.02s
And I answer as "Yes" to "Food Allergies are common?"	3.14s
And I click the continue button	0.86s
And I verify that "Tracking your activity is trending" is displayed	2.07s
And I click the continue button	8.07s
