Detailed Results Report

Feature: **Verify agent registration workflow**
Passed: 16

Scenario: **verify default and sample text on agent registration page**
Passed: 16
Before

Given I assign "/testdata/${sales.fe.lbu}/bulk_user_upload" to variable "testdata.path"
Output

Assigning value /testdata/my/bulk_user_upload to variable testdata.path

And I assign "${testdata.path}/input/AgentReg_Template.csv" to variable "INPUT_PATH"
Output

Assigning value /testdata/my/bulk_user_upload/input/AgentReg_Template.csv to variable INPUT_PATH

And I assign "${testdata.path}/output/Users.csv" to variable "OUTPUT_PATH"
Output

Assigning value /testdata/my/bulk_user_upload/output/Users.csv to variable OUTPUT_PATH

And I generate random number and assign to variable "RANDOM_NUMBER"

Output

Random number generated is :60

And I copy the csv template "${INPUT_PATH}" and replace following variables in output path "$

agent.Email	taf-${RANDOM_NUMBER}@mailinator.com

And I assign value to following variables

GROUP_ID	${group.id}

And I upload the csv file "${OUTPUT_PATH}" received from agent group "${GROUP_ID}" usin

Then I verify File is uploaded successfully

Then I verify for below email content is matching with "/testdata/${sales.fe.lbu}/email_template/ag

EMAIL_SUBJECT	${register.email.subject}
EMAIL_FROM	${register.email.from}
EMAIL_TO	${agent.Email}

Output

Mailinator url is https://www.mailinator.com/v3/index.jsp?zone=public&query=taf-60030322336

Feature: Verify select plan page functionality

Passed: 19

Scenario: Launch Sales application for PAMB

Passed: 5

Before

Given Launch sales portal

Output

https://uat-sales.eb.prudential.com.my/

And I assign value to following variables

Agent_Email	${agent.email.id.global}
Agent_Password	${agent.password}

When I Login to Sales Portal with below details

UserName	${Agent_Email}
Password	${Agent_Password}

And I enter the verification code if page appears for agent "${Agent_Email}"

Then I verify "${welcome.to.prudential}" screen is displayed

After

[Back to Table of Contents](#)

Scenario: verify static and sample text on company and category section on select plan page

Passed: 11

Before

Given I click on Create Quote Link

Then verify the user is landed on "Select Plan" page

And I verify following text is displayed on "Select plan Page" page

${estimatedAnnualPremium.button.text}

${newQuote.static.text}

And I verify the h2 header text is displayed on "Select plan" page

${select.plan.group.coverage.ghs.text}

${select.group.plan.static.text}

And I verify following static text on "Select plan" page

${select.plan.group.coverage.gtl.text}

${select.plan.group.coverage.gtl.death.text}

${select.plan.group.coverage.gtl.tpd.text}

${select.plan.gtl.gadd.text}

And I verify following paragraph is displayed on "Select Plan" page

${select.plan.group.ghs.confirm.text}

Then I verify following buttons are displayed on "Select Plan page"

${saveQuote.button.text}

${premiumandbenefit.button.text}

${selectplan.ghs.yes.button}

${selectplan.ghs.no.button}

Then I verify field label text on "Select Plan" page

${numOfEmp.field.label.text}

${selectCoverageStartDate.field.label.text}

Then I verify the presence of following items on page footer

${next.button.text}

Then I verify "${previous.button.text}" button should not be visible on "select plan page footer"

Then I verify the sample text of following fields on select plan page

| **Select coverage date** | **${coverageDate.default.value}** |
| **Number of Members** | |

After

Scenario: Verify optional plan GHS is not selected by default

Passed: 2

Before

Then I verify following buttons are displayed and enabled

${selectplan.ghs.yes.button}

${selectplan.ghs.no.button}

And I verify selection status of following buttons are "not selected"

${selectplan.ghs.yes.button}

${selectplan.ghs.no.button}

After

Scenario: Verify the validation when user saves the quote without entering the Mandatory fields

Passed: 2

Before

Given I click on "${saveQuote.button.text}" button

Then I verify following validation message on "Select plan page"

${validationMessage.company.name}

${emp.bulk.upload.error.empcount.message}

${validationMessage.ghs.button}

After

Scenario: Verify Next button validation message without entering any values

Passed: 5

Before

Given I click on "${next.button.text}" button

Then I verify following validation message on "Select plan page"

${validationMessage.ghs.button}

And I click on PAMB GHS "${selectplan.ghs.yes.button}" button

Given I click on "${next.button.text}" button

Then I verify following text is displayed on "Select Plan" page

${selectplan.error.num.employee}

After

Scenario: verify that the coverage date should be current date by default

Passed: 2

Before

Given I generate "current date" and assign to variable "current date" in "dd/MM/yyyy" format

Then I verify the sample text of following fields on select plan page

Select Coverage Date | **${current date}**

After

Scenario: verify the coverage date should set to current date if Agent input past date in text field

Passed: 4

Before

And I scroll the page up

Then I generate "current date" and assign to variable "current date" in "dd/MM/yyyy" format

And I calculate "-31d" from current date in "dd/MM/yyyy" format and assign to variable "past d

Then I enter following details on select plan page

Select Coverage Date | **${past date}**

Then I verify the sample text of following fields on select plan page

Select Coverage Date | **${past date}**

After

Scenario: verify that the past date should be disabled on coverage date calendar

Passed: 5

Before

And I calculate "-32d" from current date in "MMM/dd/yyyy" format and assign to variable "past

Then I open the coverage date calendar

Then I select the coverage date "past date" using calendar

And I verify past date is disabled

Then I verify month field dropdown value matches with "/testdata/my/month_dropdown/month.tx

Output

expected data: [Apr, Aug, Dec, Feb, Jan, Jul, Jun, Mar, May, Nov, Oct, Sep]
actual data: [Apr, Aug, Dec, Feb, Jan, Jul, Jun, Mar, May, Nov, Oct, Sep]

After

Scenario Outline: verify coverage date calendar is functioning properly

Passed: 6

Before

Then I open the coverage date calendar

Then I generate "current date" and assign to variable "current date" in "MMM/dd/yyyy" format

Then I generate "current date" and assign to variable "DATE_SELECTED" in "MM/dd/yyyy" fo

Then I generate "current date" and assign to variable "EXPECTED_DATE_SELECTED" in "dd

Then I select the coverage date "current date" using calendar

Then I verify the sample text of following fields on select plan page

| Select Coverage Date | ${EXPECTED_DATE_SELECTED} |

After

Scenario Outline: verify coverage date calendar is functioning properly

Passed: 6

Before

Then I open the coverage date calendar

Then I generate "future date" and assign to variable "future date" in "MMM/dd/yyyy" format

Then I generate "future date" and assign to variable "DATE_SELECTED" in "MM/dd/yyyy" for

Then I generate "future date" and assign to variable "EXPECTED_DATE_SELECTED" in "dd/I

Then I select the coverage date "future date" using calendar

Then I verify the sample text of following fields on select plan page

Select Coverage Date	${EXPECTED_DATE_SELECTED}

After

Scenario Outline: Enter number of employees: 4 for single category

1)verify Agent should not be allowed to enter less than 5 employees for single category
2)verify Agent should not be allowed to enter more than 200 employees for single category

Passed: 6

Before

Then I enter following details on select plan page

No. of Employees	4

And I click on PAMB GHS "${selectplan.ghs.yes.button}" button

Then I click on "${saveQuote.button.text}" button

Then I verify following validation message on "Select plan page"

${emp.bulk.upload.error.empcount.message}

Given I click on "${next.button.text}" button

Then I verify following text is displayed on "Select Plan" page

${emp.bulk.upload.error.empcount.message}

After

Scenario: Verify Agent should be able to enter company and category details

1) all the information should be same as entered by agent on select plan page after saving the quote
2) last saved message should be displayed correctly

Passed: 14

Before

Given I click on Quotes link

Then I click on Create Quote Link

Then I navigate to "Select Plan" screen

Then I generate "future date" and assign to variable "future date" in "dd/MM/yyyy" format

Then I generate random number and assign to variable "RANDOM_NUMBER"

Output

Random number generated is :85

Then I assign value to following variables

Company_Name	Automation_${RANDOM_NUMBER}
No._of_Employees	200

And I enter following details on select plan page

Company Name	${Company_Name}

| Select Coverage Date | ${future date} |
| No. of Employees | ${No._of_Employees} |

And I click on PAMB GHS "${selectplan.ghs.yes.button}" button

Then I click on "${saveQuote.button.text}" button

Then I verify following validation message on "Select plan page"

| ${success.quote.message.text} |

Then I verify following information is displayed on page footer

| ${lastSavedMessage.static.text} |

Given I verify company name is displayed as entered on select plan page

| Company Name | ${Company_Name} |

Then I verify the sample text of following fields on select plan page

| Select Coverage Date | ${future date} |
| Number of Members | ${No._of_Employees} |

Then I verify the presence of export quote button

After

Scenario: Close Sales Portal

Passed: 1

Before

	And I close sales portal

After

Feature: Verify Agent can add,edit or delete members manually

Passed: 54

Scenario: Log into sales portal as an agent and navigate to employee page

Passed: 5

Before

Given Launch sales portal

Output

https://uat-sales.eb.prudential.com.my/

And I assign value to following variables

Agent_Email	${agent.email.id.global}
Agent_Password	${agent.password}
Occupational Class	${emp.occupationalclass.dropdown.value1}
Nationality	${nationality.dropDown.list}

When I Login to Sales Portal with below details

UserName	${Agent_Email}
Password	${Agent_Password}

And I enter the verification code if page appears for agent "${Agent_Email}"

Then I verify "${welcome.to.prudential}" screen is displayed

After

Scenario: Verify Sample text on employee view

Passed: 20

Before

When I click on Create Quote Link

Then I navigate to "Select Plan" screen

And I generate "current date" and assign to variable "${COVERAGE_DATE}" in "dd/MM/yyyy

And I assign value to following variables

No._of_Members	10

And I enter following details on select plan page

Effective Date of Coverage	${COVERAGE_DATE}
No. of Employees	${No._of_Members}

And I click on PAMB GHS "${selectplan.ghs.yes.button}" button

Then I navigate to "Members" screen

And verify the user is landed on "Members" page

And I verify following text is displayed on "Employee Page" page

${estimatedAnnualPremium.button.text}

${newQuote.static.text}

Then I verify following buttons are displayed on top right corner of the screen

Save Quote ${saveQuote.button.text}

Then I verify the the presence of following button on "members page"

${employee.upload.file.btn}

${addEmployeeManually.button.text}

Then I verify the presence of "${employee.download.template.btn}" on employee page

Then I verify the presence of three dots dropdown for ph on employee page

Then I verify the following information text on the screen

Info ${employee.drop.data.file}

Then I assign value to following variables

EMP_COUNT 0

Then I verify the presence of following member table headers on "member page"

${employee.detail.name}

${employee.detail.startdate}

Then I verify following counts are displayed for employee and dependant on employee page

Member Count ${employee.uploaded.count}

Then I verify the presence of following items on page footer

${previous.button.text}

${next.button.text}

And I verify "${previous.button.text}" button is "enabled"

And I verify "${next.button.text}" button is "enabled"

After

Scenario: Verify PDPA Consent requirement title and text

Passed: 2

Before

Then I verify following text is displayed on "Member" page

${employee.PDPAtitle.txt}

Then I verify below pdpa consent text is displayed on Employee page

${employee.PDPA.consent.text}

| ${employee.addemp.field.optional.address2} | ${emp.error.min.max.validation.address2} |

Output

Checking validation message for Address 2

After

Scenario Outline: **Validating the error message: "${emp.error.min.max.validation.address3}" When**

Passed: 3

Before

Then I enter following details on "add member" screen

| Address 3 | ABCDEFGHIJKLMNOPQRSTUVWXYZ123456789012345678901234567890123456 |

Then I click on "${employee.addemp.saveandnew}" button

Then I verify the error message on Optional fields in "Add Member modal"

| ${employee.addemp.field.optional.address3} | ${emp.error.min.max.validation.address3} |

Output

Checking validation message for Address 3

After

Scenario Outline: **Validating the error message: "${emp.error.min.max.validation.address4}" When**

Passed: 3

Before

Then I enter following details on "add member" screen

| Address 4 | ABCDEFGHIJKLMNOPQRSTUVWXYZ123456789012345678901234567890123456 |

Then I click on "${employee.addemp.saveandnew}" button

Then I verify the error message on Optional fields in "Add Member modal"

| ${employee.addemp.field.optional.address4} | ${emp.error.min.max.validation.address4} |

Output

Checking validation message for Address 4

After

Scenario: **Prerequisite for ANB validtaions between 16 & 30 (inclusive) - Effective date is pastdate**

Passed: 9

Before

Given I close the Add employee Modal if it is already opened

Then I navigate to "Select Plan" screen

And I calculate "-30d" from current date in "dd/MM/yyyy" format and assign to variable "past_c

And I enter following details on select plan page

Effective Date of Coverage	**${past_coverage_date}**

And I navigate to "Members" screen

Given I select the PDPA Consent requirement check box

And I scroll the page up

Then I click on "${addEmployeeManually.button.text}" button

Then I verify "${employee.addemp.modal.title}" modal comes up

After

Scenario Outline: **validate the ANB calculation is done based on member DOB - ${ANB 31} when effe**

Passed: 6

Before

Given I calculate "-30d" from current date in "dd/MM/yyyy HH:mm" format and assign to varia

And I calculate "-31y" from "${past_coverage_date}" in "dd/MM/yyyy" format and assign to var

And I enter following details on "add member" screen

${employee.addemp.field.dob}	**${ANB 31}**

Then I click on "${employee.addemp.saveandnew}" button

And I wait for 2 sec

Then I verify the error message on "Add Employee modal"

${employee.addemp.field.dob}	**${emp.addemp.future.DOB.error.message}**

Output

Checking validation message for Date of Birth

After

Scenario Outline: **validate the ANB calculation is done based on member DOB - ${ANB 30} when effe**

Passed: 6

Before

Given I calculate "-30d" from current date in "dd/MM/yyyy HH:mm" format and assign to varial

And I calculate "-30y" from "${past_coverage_date}" in "dd/MM/yyyy" format and assign to var

And I enter following details on "add member" screen

| ${employee.addemp.field.dob} | ${ANB 30} |

Then I click on "${employee.addemp.saveandnew}" button

And I wait for 2 sec

Then I verify the error message on "Add Employee modal"

Scenario: verify calendar functionality is working for date of birth

Passed: 11

Before

Given I close the Add employee Modal if it is already opened
And I scroll the page up
Then I click on "${addEmployeeManually.button.text}" button
And I generate "current date" and assign to variable "current date" in "dd/MMM/yyyy" format
And I generate "future date" and assign to variable "future date_1" in "dd/MMM/yyyy" format
And I generate "future date" and assign to variable "future date_2" in "dd/MM/yyyy" format
Then I click on date of birth calendar button on Add employee modal on Sales
Then I verify the value "${current date}" is selected by default for date of birth calendar on Add e
Then I verify month field dropdown value matches with "/testdata/${sales.fe.lbu}/month_dropdow

Output

expected data: [Apr, Aug, Dec, Feb, Jan, Jul, Jun, Mar, May, Nov, Oct, Sep]
actual data: [Apr, Aug, Dec, Feb, Jan, Jul, Jun, Mar, May, Nov, Oct, Sep]

Then I select date "${future date_1}" using calendar
Then I verify Add Employee page is displayed with all data pre-populated from employee table

| Date of Birth | ${future date_2} |

After

Scenario: verify calendar functionality is working for coverage start date

Passed: 5

Before

Then I click on employee start date calendar button on Add employee modal on Sales
Then I verify the value "${current date}" is selected by default for employee start date calendar on

Then I verify month field dropdown value matches with "/testdata/${sales.fe.lbu}/month_dropdow

Output

expected data: [Apr, Aug, Dec, Feb, Jan, Jul, Jun, Mar, May, Nov, Oct, Sep]
actual data: [Apr, Aug, Dec, Feb, Jan, Jul, Jun, Mar, May, Nov, Oct, Sep]

Then I select date "${future date_1}" using calendar

Then I verify Add Employee page is displayed with all data pre-populated from employee table

Date of Birth	${future date_2}

After

Scenario: Verify agent can perform following functions

1)manually add the single member after uploading a bulk emp file
2)Save using Save and New button
3)The member count per category and total no of members is updated after employee is manually added

Passed: 35

Before

Given I close the Add employee Modal if it is already opened

Then I click on Create Quote Link

And I generate "current date" and assign to variable "COVERAGE_DATE" in "dd/MM/yyyy" fo

And I enter Company Name as "MY Member Bulk Upload Tests"

Output

company name is: MY Member Bulk Upload Tests

And I assign value to following variables

No._of_Members	10

And I enter following details on select plan page

Effective Date of Coverage	${COVERAGE_DATE}
No. of Members	${No._of_Members}

And I click on PAMB GHS "${selectplan.ghs.yes.button}" button

Then I navigate to "Members" screen

Then I select the PDPA Consent requirement check box

And I assign "/testdata/${sales.fe.lbu}/bulk_upload_employee" to variable "testdata.path"

Output

Assigning value /testdata/my/bulk_upload_employee to variable testdata.path

Then I assign "employee_CorrectData.xlsm" to variable "FILE_NAME"

Output

Assigning value employee_CorrectData.xlsm to variable FILE_NAME

Then I upload the employee csv file "${testdata.path}/003/${FILE_NAME}"

And I wait for 10 sec

And I verify the "${employee.upload.success.msg}" validation message on employee screen

And I scroll the page up

Then I click on "${addEmployeeManually.button.text}" button

Then I verify "${employee.addemp.modal.title}" modal comes up

And I generate random number and assign to variable "RANDOM_NUMBER"

Output

Random number generated is :354

And I assign value to following variables

Employee First Name	**Employee One**
Employee Surname	**Sur.name**
Date of Birth	**01/01/1995**
Gender	**${gender.female.text}**
Email Address	**testuser_${RANDOM_NUMBER}@test.com**
Coverage Start Date	**${COVERAGE_DATE}**
NRIC no.	**123456789102**

Output

Assigning value /testdata/my/submit_document to variable testdata.path

After

Scenario: Verify the text and buttons on Submit page

Passed: 9

Before

When I click on Create Quote Link

When I navigate to "Submit" screen

And verify the user is landed on "Submit" page

And I verify following text is displayed on "Submit Page" page

| ${estimatedAnnualPremium.button.text} |
| ${newQuote.static.text} |

Then I verify following buttons are displayed on top right corner of the screen

| Save Quote | ${saveQuote.button.text} |

Then verify "Summary of Benefit" heading is visible on the screen

And I verify the presence of following table headers on summary table

| Group Plan - Group Term Life (GTL) |
| Benefit per member |

Then I verify the presence of following items on page footer

| ${previous.button.text} |
| ${confirm.submit.button} |

And I verify "${previous.button.text}" button is "enabled"

After

Scenario: Verify the upload for signed proposal document section

Passed: 6

Before

And I assign "Signed_Proposal.png" to variable "FILE_NAME"

Output

Assigning value Signed_Proposal.png to variable FILE_NAME

Then verify "${submit.signed.proposal.text}" heading is visible on the screen

Then I verify following static text on "Submit" page

| ${submit.signed.proposal} |

Then I verify the presence of "${submit.upload.file.text}" button below the message "${submit.sig

And I upload the Signed Proposal file "${testdata.path}/${FILE_NAME}"

Then I verify the upload of file "${FILE_NAME}" by the uploaded document name

After

Scenario: verify delete popup window on submit page

Passed: 9

Before

And I verify delete button is present for attached document "${FILE_NAME}"

When I click on delete doc button for "${FILE_NAME}" on submit page

Then I verify following text is displayed on "popup window on submit" page

${submit.delete.popup.message1}

${submit.delete.popup.message2}

Then I verify following buttons are displayed on "delete popup"

${submit.delete.popup.cancel.button}

${submit.delete.popup.delete.button}

Then I click on "${submit.delete.popup.cancel.button}" button

Then I verify the upload of file "${FILE_NAME}" by the uploaded document name

When I click on delete doc button for "${FILE_NAME}" on submit page

Then I click on "${submit.delete.popup.delete.button}" button

Then I verify following static text on "Submit" page

${submit.signed.proposal}

After

Scenario Outline: Verify agent can upload pdf,png,jpg,jpeg file types

Passed: 5

Before

When I click on Create Quote Link

When I navigate to "Submit" screen

And verify the user is landed on "Submit" page

And I upload the Signed Proposal file "${testdata.path}/filetype/FileType.jpg"

Then I verify the upload of file "FileType.jpg" by the uploaded document name

After

Scenario Outline: Verify agent can upload pdf,png,jpg,jpeg file types

Passed: 5

Before

When I click on Create Quote Link

When I navigate to "Submit" screen

And verify the user is landed on "Submit" page

And I upload the Signed Proposal file "${testdata.path}/filetype/FileType.jpeg"

Then I verify the upload of file "FileType.jpeg" by the uploaded document name

After

Scenario Outline: Verify agent can upload pdf,png,jpg,jpeg file types

After

Scenario Outline: Verify agent can upload pdf,png,jpg,jpeg file types

Passed: 5

Before

When I click on Create Quote Link

When I navigate to "Submit" screen

And verify the user is landed on "Submit" page

And I upload the Signed Proposal file "${testdata.path}/filetype/FileType.docx"

Then I verify the upload of file "FileType.docx" by the uploaded document name

After

Scenario Outline: Verify agent can upload pdf,png,jpg,jpeg file types

Passed: 5

Before

When I click on Create Quote Link

When I navigate to "Submit" screen

And verify the user is landed on "Submit" page

And I upload the Signed Proposal file "${testdata.path}/filetype/FileType.xlsx"

Then I verify the upload of file "FileType.xlsx" by the uploaded document name

After

Scenario: Verify uploading invalid file format is throwing error on UI

Passed: 18

Before

When I click on Create Quote Link

When I navigate to "Submit" screen

And verify the user is landed on "Submit" page

And I upload the Signed Proposal file "${testdata.path}/filetype/FileType.txt"

And I wait for 6 sec

When I click on Bank Transfer button

And I upload the payment proof file "${testdata.path}/filetype/FileType.txt"

And I wait for 6 sec

And I upload the copy NRIC file "${testdata.path}/filetype/FileType.txt"

And I wait for 6 sec

And I upload the Authorised Signatory file "${testdata.path}/filetype/FileType.txt"

And I wait for 6 sec

And I upload the direct credit file "${testdata.path}/filetype/FileType.txt"

And I wait for 6 sec

And I upload the Form 49 file "${testdata.path}/filetype/FileType.txt"

And I wait for 6 sec

And I upload the Form 24 file "${testdata.path}/filetype/FileType.txt"

Then I verify invalid file type error message "${submit.invalid.file.format.text}" for following field

Proposal Form

Form 24

Form 49

Direct Credit

| Authorised Signatory |
| Copy NRIC |
| Payment proof |

After

Scenario: Verify the upload for Form 8 document

Passed: 13

Before

When I click on Create Quote Link

When I navigate to "Submit" screen

And I assign "General_Information_Sheet.png" to variable "FILE_NAME"

Output

Assigning value General_Information_Sheet.png to variable FILE_NAME

Then verify "${submit.upload.relevant.doc.text}" heading is visible on the screen

Then I verify following text is displayed on "Submit" page

${submit.file.size.text}

Then verify file label is displayed as "${submit.form.8.text}"

Then I verify following static text on "Submit" page

${submit.drop.document.here.text}

Then I verify the presence of "${submit.upload.file.text}" button below the message "${submit.dro

And I upload the Form 8 file "${testdata.path}/${FILE_NAME}"

Then I verify the upload of file "${FILE_NAME}" by the uploaded document name

And I verify delete button is present for attached document "${FILE_NAME}"

When I click on delete doc button for "${FILE_NAME}" on submit page

Then I click on "${submit.delete.popup.delete.button}" button

After

Scenario: Verify the upload for Form 24 document

Passed: 11

Before

When I click on Create Quote Link

When I navigate to "Submit" screen

And I assign "Articles_Bylaws.png" to variable "FILE_NAME"

Output

Assigning value Articles_Bylaws.png to variable FILE_NAME

Then verify file label is displayed as "${submit.form.24.text}"

Then I verify the presence of "${submit.upload.file.text}" button below the message "${submit.dro

And I upload the Form 24 file "${testdata.path}/${FILE_NAME}"

Then I verify the upload of file "${FILE_NAME}" by the uploaded document name

Postcode	25415
Authorised Signatory Name	authorisedName One
Authorised Signatory Title	authorisedTitle One

And I click on next button "${next.button.text}" for company page

And I wait for 3 sec

And I assign "/testdata/${sales.fe.lbu}/submit_document" to variable "testdata.path"

Output

Assigning value /testdata/my/submit_document to variable testdata.path

When I click on Bank Transfer button

And I upload the payment proof file "${testdata.path}/Articles_Bylaws.png"

And I wait for 6 sec

And I upload the copy NRIC file "${testdata.path}/Articles_Bylaws.png"

And I wait for 6 sec

And I upload the Authorised Signatory file "${testdata.path}/Articles_Bylaws.png"

And I wait for 6 sec

And I upload the direct credit file "${testdata.path}/Articles_Bylaws.png"

And I wait for 6 sec

And I upload the Form 49 file "${testdata.path}/Articles_Bylaws.png"

And I wait for 6 sec

And I upload the Form 24 file "${testdata.path}/Articles_Bylaws.png"

And I wait for 6 sec

And I upload the Form 8 file "${testdata.path}/Articles_Bylaws.png"

And I wait for 6 sec

And I upload the Signed Proposal file "${testdata.path}/Signed_Proposal.png"

And I wait for 6 sec

When I click on the Confirm and Submit button

And I click on "${submit.confirmandsubmit.confirm.btn}" button

And I wait for 3 sec

Then I verify following static text on "Quote Submission" page

> Quote Submitted

When I click on Quotes link

And I wait for 5 sec

When I enter "${COMP_NAME_DENIED}" in search text field in Quotes page

Then I get the reference number for searched quote in variable "REF_NUMBER"

Output

Reference number is: PAMBT0UO3X

Then I verify following information is displayed for company "${COMP_NAME_DENIED}" in qu

Reference Number	not null
Quote Status	Submitted

Given I assign "${REF_NUMBER}_${COMP_NAME_DENIED}_QUOTATION.xlsx" to variable

Output

Assigning value PAMBT0UO3X_TestDenied_10003032331_QUOTATION.xlsx to variable AZURE_FILE_NAME_QUOTE

And I assign "${azure.storage.folder.submitted.quotation}/${REF_NUMBER}_${COMP_NAME_

Output

Assigning value 1_Submitted_Quotations/PAMBT0UO3X_TestDenied_10003032331 to variable AZURE_SRC_FOLDER_NA

And I assign "${azure.storage.folder.ready.inforce.quotation}" to variable "AZURE_DEST_FOLl

Output

Assigning value 2_Quotations_Ready_for_Processing to variable AZURE_DEST_FOLDER_NAME

And I assign the downloaded file "${AZURE_FILE_NAME_QUOTE}" to variable "DOWNLOAl
And I delete the downloaded file "${DOWNLOADED_FILE_PATH_QUOTE}" if it already exists
When I download azure storage file "${AZURE_FILE_NAME_QUOTE}" from storage folder "$

Output

Azure storage file name is PAMBT0UO3X_TestDenied_10003032331_QUOTATION.xlsx
Azure storage folder name is 1_Submitted_Quotations/PAMBT0UO3X_TestDenied_10003032331
File Download Path is /tmp/workspace/me-sales-portal-ui-tests_develop/PAMBT0UO3X_TestDenied_10003032331_QUOTAT

Then I verify downloaded file name is "${DOWNLOADED_FILE_PATH_QUOTE}"

Output

Downloaded file name=/tmp/workspace/me-sales-portal-ui-tests_develop/PAMBT0UO3X_TestDenied_10003032331_QUOTA

When I write to excel file "${DOWNLOADED_FILE_PATH_QUOTE}" into below rows for colur

Policy Status	REJECTED

And I upload local file "${AZURE_FILE_NAME_QUOTE}" to storage folder "${AZURE_DEST_

Output

Azure storage file name is PAMBT0UO3X_TestDenied_10003032331_QUOTATION.xlsx
Azure storage folder name is 2_Quotations_Ready_for_Processing
File upload Path is /tmp/workspace/me-sales-portal-ui-tests_develop/PAMBT0UO3X_TestDenied_10003032331_QUOTATION

Then I wait for storage file "${AZURE_FILE_NAME_QUOTE}" to be processed from storage fol

Output

Azure storage file name is PAMBT0UO3X_TestDenied_10003032331_QUOTATION.xlsx
Azure storage folder name is 2_Quotations_Ready_for_Processing
